emphasizing the school leader's role in student learning this new edition covers the principalship accountability leadership effects distributed leadership political leadership resource allocation and

more

based upon gerald haigh s acclaimed weekly column in the times educational supplement this book is a lively and refreshing look at what it takes to get on in teaching touching on everything from the legacy of ted wragg to the film brokeback mountain the author s incisive eye will give teachers wanting to get on in their career both inspiration and much to ponder upon this reworked and thematically grouped collection will give leaders and aspiring leaders in education vital insights and observations into a wide range of topics including the recruitment game and building your career dealing with people making mistakes and learning lessons from heroes and gurus from tom peters and peter drucker to lawrence of arabia supporting colleagues getting a life beyond school over recent years haigh s columns second half for experienced teachers and leading questions specifically for teachers in leadership positions have developed a loyal following from readers this book will delight and engage all who wish to move onwards and upwards in teaching

do you ever wonder whether researchers and professional developers really know what it s like to be a school leader do you sometimes struggle to connect articles and conference presentations with the challenges you face day to day for award winning educator william sterrett the answer to those questions was a resounding yes so he made it his mission to identify the most important issues facing today s school leaders and offer practical effective strategies for success drawing on his own experience as a teacher and principal and on interviews with nine distinguished practitioners including carol ann tomlinson richard dufour baruti kafele and james popham sterrett merges current research and theory with lessons from successful educators who have truly been there done that each chapter of insights into action carefully examines a particular topic of relevance translating research and experience into replicable sustainable practices and offering ways to overcome barriers to success you ll learn how to be a more effective leader including ways to turn your school vision into reality become a learning leader make professional development more meaningful and achieve the elusive work life balance how to strengthen your learning community by differentiating instruction and leadership fostering a positive school climate and incorporating learning experiences outside the classroom and how to face the challenges of today including ways to infuse technology into your school community gather and apply useful data and turn crises both big and small into success for all each chapter includes action items and in the field activities to extend the discussion help you apply the book s insights and strategies and enable you to realize actual

growth in your school in a job filled with constant stressors and challenges it's important to have a solid well grounded perspective insights into action offers both practical lessons and inspiration to handle whatever comes your way

written in a clear and readable style the book contains an extensive exploration of leadership models and management strategies and is based on the latest research

this book examines the nature of successful school leadership what is it what does it look like in practice and what are the consequences for schools and pupils as well as providing a contemporary overview of international research and thinking about successful school leadership it identifies similar and distinguishing features of successful leadership in different sectors between heads of different experience and between schools in different socio economic circumstances it introduces the notions of layered leadership and progressive trust as key features of successful leadership additionally it discusses issues of sustainability and resilience in successful school leadership finally it considers how successful school leadership connects to pupil success exploring the leadership strategies used by successful heads in a range of primary and secondary schools whose pupil attainment results had improved over a three year period during their headship

becoming a successful school leader critically considers what leaders need to help them support their schools and communities with the challenges and demands of learning it presents readers with opportunities to develop their thinking and to generate personal strategies to manage situations through a series of structured exercises and tasks drawing on a range of accounts from professionals case studies and reflective questions this accessible text allows leaders to confidently guide their staff and students through the contested landscape of education focusing on key topics chapters cover education policy and leadership governance and management of educational settings changes to the employment market inclusion in education emerging moral dilemmas and legislative changes the structure of education new frameworks and models quality assurance responsibilities liabilities and consequences global dimensions and emerging ethical issues this book will be essential reading for both practising and aspiring school leaders who have an interest in the challenges policies and practices deployed in leading and managing change in a variety of educational settings

the quality and success of schools depend upon school leadership increasingly in many countries worldwide this belief has led to designing and implementing appropriate training and

development programs for educational leaders in an international comparative research project current school leader training and development programs in fifteen countries across europe asia australia and north america are analyzed compared and discussed preparing school leaders for the 21st century provides insights and constructive ideas for those planning and carrying out school leadership development in different countries and those conducting research in this field part one in the book reflects on roles tasks competences and conceptions of school leadership exploring the changing context in which school leaders find themselves focusing on the new demands on the school leaders and suitable leadership theories part two provides a comparative discussion of the various leadership development models identifying similarities and differences based on a set of criteria selected and going beyond a mere juxtaposition in describing common issues and challenges it also looks for common solutions and considers what the different countries might be able to learn from each other and successfully transfer part three identifies current international trends deduced from these programs nineteen recommendations for designing future programs are outlined and instructive examples of best and promising practice are given part four comprises well structured country reports which provide information about the education system and school system of those countries about recent changes and their impact on school leadership about the overall school leader training and development approach successful school leadership identifies the characteristics behaviours and practices of successful and effective school leaders through the adoption of a systemic view of the quality of school organizations edited by petros pashiardis and olof johansson chapters explore the similarities and differences between successful and effective school leaders and across various socioeconomic contexts capitalizing on the experiences of the international contributor team this book will inform the preparation and further development provided to school leaders in an era where ministries of education universities and multinational organisations such as the oecd are increasingly interested in the leadership of our schools systematic analyses of multi perspective data provided from around the world and offers the readers a comprehensive picture of the key behaviours and practices central to successful and effective school leadership an original contribution to the theoretical perspectives on the subject is derived through insights from empirical research case studies and bibliographical literature from the field

this is a zippy read arising out of the international project effective leadership in a time of change which grapples with the nature and practice of leadership as opposed to management or administration in schools times educational supplement who really runs the school head teachers

or governors what do pupils think of their leaders and should they have a bigger role in school leadership is the united kingdom obsessed with discipline and strong leadership as others suggest is new public management an insidious undermining of what is important and valuable in the uk educational system the answers to these and other questions present surprises and challenges to the way things are seen in the uk this book provides evidence from other countries that raises many questions about effective leadership and how it is seen from different viewpoints and examines the issues in a political context and in relation to a changing world scene

fullan shows how moral leadership can reinvent the principalship and bring about large scale school improvement this is a masterfully crafted and accessible book by north america s foremost expert on change thomas j sergioivanni lillian radford professor of education trinity university san antonio tx fullan challenges all who work in education to rethink the critical role of the principal as school leader in the current era of accountability with clarity and insight he offers a series of strategies to reshape the culture and context of leadership in schools to create learning communities where both students and teachers can excel paul d houston executive director american association of school administrators once again the writing of michael fullan is a tour de force the moral imperative of school leadership is a must read for those who want to make a difference gerald n tirozzi executive director national association of secondary school principals the time has come to change the context of school leadership the role of the principal is pivotal to systemic school change that is the fundamental message of the moral imperative of school leadership which extends the discussion begun in fullan s earlier publication what s worth fighting for in the principalship the author examines the moral purpose of school leadership and its critical role in changing the context in which the role is embedded in this bold step forward fullan calls for principals to become agents as well as beneficiaries of the processes of school change in an effort to make the position more rewarding and exciting he shifts the principal s role from one of a site based superman or superwoman and recasts it as one in which principals figure prominently both within their school and within the larger school system that surrounds them concepts explored in depth include why changing the context should be the main agenda for the principalship why barriers to the principalship exist why the principal should be seen as the coo chief operating officer of a school why the role of the principal should figure more prominently within the system what individuals and the system can do to transform school leadership to a powerful new force the challenge and moral imperative for today s principal is to lead system transformations to resolve the top down bottom up dilemma that exists in systemic

change to end the exodus from the principalship and for great school leaders to evolve in large numbers the time to redefine the position is now

the work of educational leaders depends on relationships with people faculty and staff members students other administrators parents and community members this book presents a new way of viewing leadership how to become person centered leaders rather than relying on outdated ways of managing schools principals and other leaders must take up the challenge of paying attention to the people issues of the school through many examples the authors show how school leaders must consciously seek the appropriate type of data to respond to increase their capacity for empathy develop healthy personal self concepts and learn how to develop healthy self concepts in others both students and teachers school leaders also should be committed to a broad purpose for schooling should be informed about how their beliefs and behavior influence the organization of the school and should be able to participate in interactions with authenticity they also must be able to help create authenticity in their school organizations in these ways school leaders will create schools that are learning organizations for everyone universities that prepare future school leaders should spend more time developing leaders who are person centered in their approach to leading schools this new way of thinking will require leader preparation programs to change their priorities for curriculum academic activities and field experiences

there is a vast amount of research on what goes on in schools but how can school leaders sort credible findings from dubious claims and use these to make informed decisions that benefit their schools how can abstract ideas from research be translated into dynamic plans for action this book is a practical guide to evidence based school leadership demonstrating the benefits that can be gained from engaging with robust educational research and offering clear guidance on applying meaningful lessons to practice topics include what is evidence based school leadership and why does it matter how to collect data from your own school and how to analyse this evidence in order to inform strategic leadership decisions models for implementing school improvement and change leadership skills for fostering a culture of evidence based practice this is essential reading for senior and middle leaders in educational organisations who aspire to lead effective schools with high levels of staff well being and enhanced outcomes for the learners they teach

written by school leaders for school leaders this book shares the work of ten practising innovative school leaders it offers insight into practical school developments that have been

researched trialled and reviewed to demonstrate their success at creating positive change with each chapter written by experienced school leaders working in a range of contexts the accounts of the developments they carried out and the research evidence they collected to measure impact are presented accessibly and succinctly these developments include poverty proofing by breaking down barriers to disadvantage creating a new holistic approach to appraisal and quality assurance how to design and deliver a new cohesive whole school curriculum headteacher stress and how to survive innovative school leadership transforming practices is an indispensable resource for all current and aspiring to leaders wanting to provide the best learning environment for their whole school community

using a competency and knowledge approach this book provides a clear framework which enables school leaders to develop and reflect upon their own skills

this is a useful book and well written reflecting the author s considerable experience in the field national school improvement network news management skills in schools is a terrific digest of many important issues built around a clear structure that helps the reader absorb information quickly for the sheers scale of the references to educational gurus it s worth the cover price here is everything you need to quote geoff barton friday magazine times educational supplement this book provides an invaluable resource for everyone who is concerned with leadership and management in schools as well as dealing with key issues and concepts it gives practical advice on strategies and techniques which can be deployed it will enhance and complement existing skills as well as importing new ideas which will provide professional stimulus for the reader sir geoff hampton dean of education director of the midlands leadership centre university of wolverhampton for the discerning leader wanting to develop their personal management skills this is a must have resource whether working through personal management skills independently or used as a professional development tool with a group of middle managers in a school this book will make a difference to how leaders work in schools coleen r jackson director roehampton education leadership centre university of surrey roehampton this is a timely collection of resources for those in middle management positions in schools it brings together ideas on self management in addition to a comprehensive collection of materials on leading teams of staff particularly noteworthy are the sections on strategic decision making action research in school improvement and dealing effectively with conflict brian fidler professor of education management the university of reading team leadership is vital element of school success whether at the level of department the curriculum area the key stage the phase or in

relation to pastoral and leadership teams the team leader must be skillful in creating cultures of success and personal management skills are at the heart of getting the best from team members in this book jeff jones shows how managers in education can contribute to school improvement and focuses on the essential personal and practical management skills needed to instill a positive team culture and support colleagues effectively this book is an essential resource for those who lead and manage teams at all levels within schools dr jeff jones has been a senior consultant and head of training and consultancy unit at the centre for british teachers cbft in reading since 1998 and is the well known author of such books as monitoring and evaluation for school improvement 2000 and performance management for school improvement 2001

this text provides a study of the education policy scholarship of leadership it examines the ways in which concepts of educational leadership and management have evolved historically and culturally reviewing contemporary debates about the nature of school leadership the question of what school leadership could and should be is at the centre of political ideological and educational debate in many societies these debates involve cultural conservatives new right marketeers democrats and community educators feminists and critical theorists as well as school governors headteachers and teachers parents community members and school students these debates are reviewed and the theoretical context is illuminated by fieldwork accounts derived from the research participation of 88 headteachers working in english schools both primary and secondary such accounts provide an insight into the challenges of contemporary school leadership as headteachers face new power relationships new curriculum responsibilities and management and marketing cultures which generate moral ethical and professional dilemmas for many of them

this book provides a road map for school leaders as they engage in their single most important leadership skill decision making with practical examples it demonstrates how to create a positive school culture spur school improvement and make decisions in the context of nclb

outlines five essential skills of an effective educational leader including the ability to be insightful strong interpersonal skills self growth flexibility and community interaction and provides advice on applying them
