alcohol use disorder is by far the most prevalent substance use disorder in the general
population and is a major contributor to disease worldwide recovery from the disorder is
a dynamic process of change and individuals take many different routes to resolve their
alcohol problems and seek to achieve a life worth living total abstinence is not the only

solution and robust recovery involves more than changing drinking practices this volume brings together multidisciplinary research on recovery processes contexts and outcomes as well as new ideas about the multiple pathways involved experts chart the individual social contextual community economic regulatory policy and structural influences that are vital to understanding alcohol use disorder and recovery the book recommends new approaches to conceptualizing and assessing recovery alongside new avenues for research community engagement and policy that constitute a major shift in the practice and policy landscape

redacted examines the evolution of the ministry of deliverance tracing its roots from the gospels to the twentieth century this in depth exploration reveals the contours of jesus and the apostles ministry and how their practices influenced the fervent exorcisms of the pre nicene church igniting widespread revival from there redacted follows the decline of exorcism from the fourth to the eleventh centuries where it almost entirely disappears when it is brought back during the high middle ages the practice takes on a highly ritualized form that departs from the apostolic model the reformation saw exorcism s contentious duality between charismatic and ritual forms before they were both entirely snuffed out with protestantism yet the twentieth century witnessed its resurgence beginning at azusa st and growing within the charismatic movement redacted identifies the historical connection between deliverance and revival and makes the case that deliverance ministry is essential for revival today
