a student textbook designed to introduce in an accessible manner all the principal themes and problems of this period in european history

these essays arose out of lectures given in oxford to commemorate the 150th anniversary of the 1848 revolutions in europe authoritative yet readable and colourful they comprise judicious summaries of the existing state of knowledge as well as new insights and unfamiliar information thebook also seeks to place the revolutionary events in their wider context apart from chapters covering the main centres of disturbance in france germany italy and the habsburg lands there are discussions of the situation in

Britain and Russia which were affected but not convulsed by the disorders elsewhere of reactions in the United States of America and of the symbolism of 1848 for later democratic radical and socialist movements 1848 marked the first breakdown of traditional authority across much of the continent and as such is of profound significance in the development of modern European politics as a whole

reaching from the Atlantic to Ukraine from the Baltic to the Mediterranean the revolutions of 1848 brought millions of people across the European continent into political life nationalist aspirations social issues and feminist demands coming to the fore in the mid-century revolutions would reverberate in continental Europe until 1914 and beyond yet the new regimes established then proved ephemeral succumbing to counter-revolution in this second edition Jonathan Sperber has updated and expanded his study of the European revolutions between 1848-1851 emphasizing the socioeconomic background to the revolutions and the diversity of political opinions and experiences of participants the book offers an inclusive narrative of the revolutionary events and a structural analysis of the reasons for the revolutions ultimate failure a wide-reaching conclusion and a detailed bibliography make the book ideal both for classroom use and for a general reader wishing a better knowledge of this major historical event

In 1848 revolutions broke out all over Europe in France the Habsburg and German lands and the Italian peninsula this seminar study considers why the revolutions occurred and why they were so widespread the book offers a broad-ranging investigation of the social economic and political circumstances which led to the revolutions of 1848 as well as an account of the revolutions themselves first published in 1981 and fully revised in 1991 the study has long established itself as one of the most accessible and valuable introductions to this complex subject

In this book the author discusses revolutions in Europe in 1848 through the perspective of the common man the author focuses on the social aspects of each revolution rather than the political or economic

Cover the major political events of this turbulent period and examines the lives of ordinary people and considers broad social and economic developments covers four major themes the economic responses to the rapid rise in population the transformation of the old regime to a civil society of property owners the increase in power of the state and the often violent and dramatic struggles for political participation in an age of social crisis and cultural change also available in hardcover 0 582 29447 9 79 95

Jonathan Sperber's *Revolutionary Europe 1780-1850* is a history of Europe in the age of the French Revolution from the end of the old regime to the outcome of the revolutions of 1848 fully revised and updated this second edition provides a continent-wide history of the key political events and social transformation that took place within this turbulent period extending as far as their effects within the European colonial society of the Caribbean key features include analyses of the movement from society's old regime of orders to a civil society of property owners the varied consequences of rapid population increase and the spread of market relations in the economy and the upshot

of these changes for political life from violent revolutions and warfare to dramatic reforms and peaceful mass movements a lively account of the events of the period and a thorough analysis of the political cultural and socioeconomic transformations that shaped them a look into the lives of ordinary people amidst the social and economic developments of the time a range of maps depicting the developments in europe s geographic scope between 1789 and 1848 including for the 1820 1830 and 1848 revolutions revolutionary europe 1780 1850 is the perfect introduction for students of the history of the french revolution and the history of europe more broadly

discussion of revolutions in european history and the impact on politics in colonial america

nationalism and revolution in europe 1763 1848 addresses enduring historiographical problems concerning the appearance of the first national movements in europe and their role in the crises associated with the age of revolution considerable detail is supplied to the picture of enlightenment era intellectual and cultural pursuits in which the nation was featured as both an object of theoretical interest and site of practice in doing so the work provides a major corrective to depictions of the period characteristic of earlier ventures including those by authors as notable as hobsbawm gellner and anderson while offering an advance in narrative coherence by portraying how developments in the sphere of ideas influenced the terms of political debate in france and elsewhere in the years preceding the upheavals of 1789 1815 subsequent chapters explore the composite nature of the revolutions which followed and the challenges of determining the relative capacity of the three chief sources of contemporary unrest constitutional national and social to inspire extra legal challenges to the restoration status quo

a lively panoramic history of a revolutionary year new york times in 1848 a violent storm of revolutions ripped through europe the torrent all but swept away the conservative order that had kept peace on the continent since napoleon s defeat at waterloo in 1815 but which in many countries had also suppressed dreams of national freedom political events so dramatic had not been seen in europe since the french revolution and they would not be witnessed again until 1989 with the revolutions in eastern and central europe in 1848 historian mike rapport examines the roots of the ferment and then with breathtaking pace chronicles the explosive spread of violence across europe a vivid narrative of a complex chain of interconnected revolutions 1848 tells the exhilarating story of europe s violent spring of nations and traces its reverberations to the present day

the revolutionary outburst of 1848 was unprecedented in europe
