tackling popular misconceptions about new religious movements comprehending cults summarizes synthesizes and assesses over 40 years of research by historians sociologists and psychologists this excellent introduction to the study of new religious groups offers a balanced treatment of new movements as a source of spiritual satisfaction while confronting issues of violence sexuality and brainwashing within religious cults

contradictory to its core the sitcom an ostensibly conservative tranquilizing genre has a long track record in the united states of tackling controversial subjects with a fearlessness not often found in other types of programming but the sitcom also conceals as much as it reveals masking the rationale for socially deviant or deleterious behavior behind figures of ridicule whose motives are rarely disclosed fully over the course of a thirty minute episode examining a broad range of network and cable tv shows across the history of the medium from classic working class comedies such as the honeymooners all in the family and roseanne to several contemporary cult series animated programs and online hits that have yet to attract much scholarly attention this book explores the ways in which social imaginaries related to bad behavior have been humorously exploited over the years the repeated appearance of socially wayward figures on the small screen from raging alcoholics to brainwashed cult members to actual monsters who are merely exaggerated versions of our own inner demons has the dual effect of reducing complex individuals to recognizable types while neutralizing the presumed threats that they pose such representations not only provide strangely comforting reminders that badness is a cultural construct but also prompt audiences to reflect on their own unspoken proclivities for antisocial behavior if only in passing

this book explores the qanon movement by examining its history fluctuations and evolution stemming from the likelihood of multiple users behind the q account as well as from the changes in the sociopolitical landscape since the creation of the movement it frames qanon as a lived religion and demonstrates that it has gone through three stages of existence proto qanon canonical qanon and apocryphal qanon author marc andré argentino argues that qanon evolved into something more than a conspiracy theory and demonstrates through a comparative analysis that qanon is more akin to a new religious movement in particular a hyper real religion he explores the role of gender and women in the qanon movement followed by an examination of how the qanon conspiracy theories have legitimized and coordinated targeted gender based violence the book provides evidence of the nexus of qanon and ideologically motivated violent extremism and criminality finally it examines the evolution of qanon after the january 6th insurrection the loss of the 2020 election by donald trump and the disappearance of q this volume will be of great interest to researchers of conspiracy theories new religious movements american politics and extremism

new religious movements the basics is a concise and engaging introduction to the field of new religious movements nrms western culture is currently going through a wave of fascination with cults with numerous documentaries and television series dedicated to describing these groups meanwhile scholars have been wrestling with the intricacies of this loaded category for decades introducing the reader to some of the key issues and debates in the field of nrm studies this book includes discussions on how to define the term new religious movement critically unpacking the term cult how to study nrms brainwashing and deprogramming prophecy and failed prophecy charisma and authority nrms and violence gender and sexuality this book is essential reading for students and scholars of religion who are approaching the study of nrms for the first time as well as those interested in

deepening their understanding of nrms

scientology's long and complex journey to recognition as a religion. Scientology is one of the wealthiest and most powerful new religions to emerge in the past century. To its detractors, L. Ron Hubbard's space-age mysticism is a moneymaking scam and a sinister brainwashing cult. But to its adherents, it is humanity's brightest hope. Few religious movements have been subject to public scrutiny like Scientology. Yet much of what is written about the church is sensationalist and inaccurate. Here for the first time is the story of Scientology's protracted and turbulent journey to recognition as a religion in the postwar American landscape. Hugh Urban tells the real story of Scientology from its cold war era beginnings in the 1950s to its prominence today as the religion of Hollywood's celebrity elite. Urban paints a vivid portrait of Hubbard, the enigmatic founder who once commanded his own private fleet and an intelligence apparatus rivaling that of the U.S. government. One FBI agent described him as a mental case, but to his followers, he is the man who solved the riddle of the human mind. Urban details Scientology's decades-long war with the IRS, which ended with the church winning tax-exempt status as a religion; the rancorous cult wars of the 1970s and 1980s, as well as the latest challenges confronting Scientology from attacks by the internet group Anonymous; to the church's efforts to suppress the online dissemination of its esoteric teachings. The Church of Scientology demonstrates how Scientology has reflected the broader anxieties and obsessions of postwar America and raises profound questions about how religion is defined and who gets to define it.

An original collection of primary documents conveying the wide array of ideas connected to new religious movements, *New Religious Movements* is a highly unique volume bringing together primary documents conveying the words and ideas of a wide

array of new religious movements nrms and offering a first hand look into their belief systems arranged by the editors according to a new typology the text allows readers to consider nrms along five interrelated pathways from those that offer new perceptions of existence or new personal identities to those that center on relationships within family like units to those movements that highlight the need for recasting the social order or anticipate the dawn of a new age the volume includes original documents from groups such as the unification church theosophy branch davidians wicca jehovah s witnesses santeria and seventh day adventists as well as many others each section is prefaced by a contextual introduction and concludes with a list of sources for further reading new religious movements offers a rare inside look into the worldviews of alternative religious traditions

gospels speak of truth and as nietzsche rightly noted we should not expect the truth to be comfortable the gospel of rev marvin knife sotelo is a truth that unlike those fantastic fictions circulated in popular religious culture requires no annotation or inventive scapegoat for it contains no inherent contradictions

dressing entirely in white is normal practice on a five block stretch of robertson boulevard in west los angeles western men and women garbed in white from their turbans to their keds traverse the busy streets surrounding the sikh temple further north you have to wait until friday afternoon to see white clad young men in yarmulkes gathering outside the kabbalah learning centre greeting each other with hugs the spaces around them filled with women and children wearing multi colored garments beyond this city street one hears of the popularity of kabbalah in the tabloids as celebrities such as madonna claim kabbalah as their new religion how have the obscure and offensive ideas of medieval jewish mysticism expressed in doctrines like the demonic power

of women's menstrual blood or the soulless bodies of gentiles been made palatable for so many from all stripes of life with klc's in cities such as boca raton new york los angeles boston miami philadelphia san diego houston and las vegas the reach of this mystical tradition can be said to be nationwide but how did its beliefs and practices become as fashionable as they are now what do the klc's teach so that adherents stay on is it a cult a religion or simply a system of universal wisdom as its leaders purport determined to uncover the secrets of this esoteric faith the author embarked upon three 10 week kabbalah classes among other learning opportunities examined kabbalah publications from the 1970s to the present listened to klc audio tapes and interacted with adherents this book presents her experiences and findings and offers an overview of the history of the kabbalah in this country its beliefs and practices its positions on health and healing of both the self and the world its structure and outreach and its views of men and women she traces the origins of kabbalah offers a glimpse into its world its relationships to judaism its place in american society and its future
