in this brilliantly researched deeply humane work of history michael stephenson traces the paths that have led soldiers to their graves over the centuries revealing a wealth of insight about the nature of combat the differences among cultures and the unchanging qualities of humanity itself behind every soldier's death lies a story a tale not just of the cold mathematics of the battlefield but of an individual human being who gave his life what psychological and cultural pressures brought him to his fate what lies and truths convinced him to march toward his death covering warfare from prehistory through the present day the last full measure tells these soldiers' stories ultimately capturing the experience of war as few books ever have in these pages we march into battle alongside the greek phalanx and the medieval foot soldier we hear gunpowder's thunder in the slaughters of the napoleonic era and the industrialized killing of the civil war and recoil at the modern automated horrors of both world wars finally we witness the death of one tradition of heroic combat and the construction of another in the wars of the modern era ranging from vietnam to america's latest involvements in iraq and afghanistan in exploring these conflicts and others

stephenson draws on numerous sources to delve deep into fascinating period specific detail tracing for instance the true combat effectiveness of the musket the utility of the cavalry charge or the vulnerabilities of the world war ii battle tank simultaneously he examines larger themes and reveals surprising connections across both time and culture what does the medieval knight have in common with the modern paratrooper what did heroism and bravery mean to the roman legionary or to the world war i infantryman and what is the true motivating power of such ideals how do men use religion friendship or even nihilism to armor themselves against impending doom and what do we as human beings make of the undeniable joy some among us take in the carnage combining commanding prose impeccable research and a true sensitivity to the combatant's plight the last full measure is both a remarkably fresh journey through the annals of war and a powerful tribute to the proverbial unknown soldier

150 superb examples of armor weaponry costumes paintings and lacquerware from the hosokawa family

the dazzling spectacle presented by the armies of medieval japan owed much to the highly developed family and personal heraldry of samurai society from simple personal banners this evolved over centuries of warfare into a complex system of flags worn or carried into battle together with the striking great standards of leading warlords while not regulated in the western sense japanese heraldry developed as a series of widely followed practices while remaining flexible enough to embrace constant innovation scores of examples in monochrome and full colour illustrate this fascinating explanation of the subject by a respected expert on all aspects of samurai culture

first published in 1977 the samurai has long since become a standard work of reference it continues to be the most authoritative work on samurai life and warfare published outside japan set against the background of japan's social and political history the book records the rise and rise of japan's extraordinary warrior class from earliest times to the culmination of their culture prowess and skills as manifested in the last great battle they were ever to fight that of osaka castle in 1615

which was the most brilliant of hannibal's three crushing defeats of roman armies what tactics did julius caesar employ to defeat pompey at pharsalus how was alexander the great able to command sufficient loyalty from his troops to lead them across half of the asian landmass in search of new territories to conquer what qualities made attila the hun a strategist of genius how did henry v of england achieve victory at agincourt for the loss of a few hundred of his men when the mounted french knights suffered casualties in the thousands the answers to these and a myriad other fascinating questions can be found in the art of war a sumptuous chronological survey of the 50 greatest commanders of the ancient and medieval worlds compiled by an distinguished team of historians including such names as robin lane fox tom holland john julius norwich jonathan sumption and felipe fernandez armesto working under the general editorship of the andrew roberts the art of war is an authoritative and beautifully illustrated account of the lives and careers of the 50 greatest military commanders of the period from julius caesar to judas maccabeus from belisarius to bohemond and from trajan to tamerlane every commander is profiled in a concise and informative 3000 word article which not only brings its subject vividly to life via a lively fact driven narrative but also analyses and assesses his tactical and strategic gifts each biography is accompanied by a battle feature or campaign feature embellished by a full colour battle plan or campaign map focusing on the commander's greatest battlefield achievement as accessible and informative as it is rigorous and scholarly the art of war is the perfect introduction to its subject for the layperson but also a stimulating and thought provoking read for those with greater knowledge of military history with its companion volume born to command it forms an indispensable guide to the greatest generals the world has seen

salem press's five volume magill's guide to military history presents a survey of the wars battles peoples groups and civilizations that played an important role in worldwide military history from ancient times to the twenty first century in addition to comprehensive coverage of western military history the encyclopedia examines the major military events personages and civilizations of the entire world from the beginning of military history includes time line of wars and battles wars and battles by geographical area military leaders by geographic area and list of entries by category

historical look at arresting and apprehending criminals from the samurai era to the present

in 1575 takeda katsuyori laid siege to nagashino castle the takeda samurai were brave loyal and renowned for their cavalry charges but the great general oda nobunaga counting on takeda s impetuosity had 3 000 musketeers waiting behind field defences for their assault as the smoke cleared the face of japanese warfare had changed forever

my project focuses on the three great punitive campaigns of the wanli emperor wanli san da zheng which took place in rapid succession in three vastly different frontier regions while these campaigns are well known to scholars scant attention has been paid to the rich primary sources which discuss them these source materials include eyewitness accounts diaries memorials to the throne letters between officials dispatches from the battlefield and imperial decrees
